

At the **Centre for International Student Assessment (ZIB) e.V.** at the TUM School of Social Sciences and Technology, for the **PISA National Centre** and at the earliest possible date, we are looking for a

Student Assistant (m/f/d) (for approx. 7-12 hours per week)

What is the ZIB?

The *Centre for International Student Assessment (ZIB)* comprises three institutions that conduct educational research in the field of school performance studies (Large Scale Assessments). One ZIB location is affiliated to the Technical University of Munich (TUM). This is where the PISA National Centre is located, which conducts and scientifically monitors the PISA study in Germany.

Requirements

- Student of Psychology, Educational Sciences, Teaching, or a related field, enrolled at a German university
- Interest in empirical educational research
- Reliable and independent way of working
- Teamwork skills, confidentiality and sense of responsibility
- Proficiency in MS Office
- Experience with statistical software (SPSS, R) und reference management software (Citavi) is advantageous
- Interest in a long-term employment (at least two semesters)
- Ability to work on site in the office at least once a week

Your tasks

- Support for the PISA Study 2025 in Germany
- Literature research in data bases und library catalogues
- Support for scientific publications
- Communication with national authorities and international project partners

We offer

- A multifaceted workplace in a young and dedicated team at a renowned university in a highly regarded international school performance study
- Compensation according to TV-L
- Flexible working hours

Are you interested?

Then we look forward to receiving your informative application documents (cover letter, CV, certificates, current list of grades) by e-mail and in a single PDF document to:

With the introduction of the BayHIG on 1 January 2023, the employee status of part-time research assistants was abolished.

Unfortunately, therefore, no applicants with a Master's degree or equivalent can be considered.

The position is suitable for severely disabled persons. Severely disabled applicants will be given preference if their suitability, qualifications and professional performance are otherwise essentially equal. As the Technical University of Munich aims to increase the proportion of women, applications from women are highly welcomed. As part of your application for a position at the Technical University of Munich (TUM), you will submit personal data. Please note our data protection information in accordance with Art. 13 of the General Data Protection Regulation (GDPR) on the collection and processing of personal data in the context of your application <http://go.tum.de/554159>. By submitting your application, you confirm that you have taken note of TUM's data protection information.
